## Who we are?

Siko Trans AD provides full solutions for international and local transportation, distribution and storage. We operate through a wide network of partners and agents so that we deliver secure, timely and efficient door-to-door transportation of full-, part- and groupage truck loads. Our company possesses vast experience and know-how in the forwarding and transportation of cargo from Europe to Bulgaria/Greece and back.

## Why us?

Our goal is to build a solid and long-term relationship with each of our clients. We have so far achieved that by providing excellent services and offering creative solutions that minimize expenses. We guarantee the quality of our work, as we are a certified company by ISO 9001:2008. We understand that the key to success is in the combination of a strict transportation management, effective communication flow, leading IT solutions and most importantly – experienced and devoted team.

# Progress over the years

## Services

Siko Trans specializes in the door-to-door delivery of goods by road within Europe.

We transport everything except live animals and liquids. Use board and refrigerator trucks multi-temperature premises certified FRC and support from -30 to + 30 degrees. We guarantee quality services with strict methods of training, direct contact with the driver and permanent GPS contact.

## What we can carry?

- Full loads
- Partial loads
- Hazardous good(ADR)
- Goods Under Temperature Regime

## Full Loads

Siko Trans provides fast, reliable and efficient door-to-door transportation to Germany, Italy, France, Austria and all of Europe. Our vast network of partners allows us to optimize the transportation expenses and to minimize the ecological harm. Our clients enjoy attractive pricing and high quality of the services we offer.

## Partial loads

Siko Trans provides the option to directly pick up and distribute partial truck loads, offering competitive prices and a short transit period. The optimized organization of forwarding services and transportation is done through a wide network of transportation and forwarding companies. Siko Trans has got 10 years of experience in the transport of partial loads to Germany, France, Austria, Italy and all of Europe.

## Hazardous Goods (ADR)

When transporting hazardous loads, the priority is security. We strictly abide by all necessary security measures in order to avoid accidents and incorrect treatment of the loads. Our drivers are well trained and certified to operate with ADR. The land transportation vehicles are equipped according to the requirements of the European Community's standards.

# Goods Under Temperature Regime

Siko Trans specializes in the logistics of goods under special temperature control, which requires that we follow strict measures throughout the entire transportation process, so we can maintain the high standards and quality of the goods.
